System Warranty covers system hardware only. Please note that a system is defined as a full working computer, with an operating system included on the invoice, otherwise it is parts.		<b>Standard 1 year parts &amp; labour return to base warranty ~ no charge.</b> Please note system warranty includes keyboard, mouse, case & all internal components, with the exception of any items that are marked accordingly. Monitor warranty direct with the maker. Peripherals typically have a 1 year warranty direct with the maker; eg: if you purchase a HP printer, you would contact HP directly yourself re any warranty issues. Please contact us if you would like to have any particular items clarified in this regard.							1
